

# Macroeconomics A; EI056

## Quiz

Cédric Tille

Class of September 19, 2023

### 1 Nature of macroeconomics

**Question:** What are the main features that distinguish macroeconomics from microeconomics?

### 2 Drivers of volatility

**Question:** What drives short-run output fluctuations? Look at the question from the point of view of the usages of output (i.e. how do we use what we produced) and the inputs.

### 3 The Phillips curve

**Question:** What is the Phillips curve? Has it remained stable through time? Why?

### 4 Money and inflation

**Question:** What is the link between money and inflation?

### 5 The growth of finance

**Question:** What is financial deepening?
